

Estate Maintenance and Waste Recycling Operator

Babraham Bioscience Technologies (BBT) is the company that manages and develops the Babraham Research Campus, and is responsible for the administration and commercial development of the site for the benefit of all the tenant companies including the Babraham Institute.

An opportunity exists for an enthusiastic and ambitious person to join BBT's Campus Estate Team who are responsible for maintaining and managing the 430 acres of estate grounds, which are a mixture of woodland, meadows, formal parkland and conservation areas.

Responsibilities and Duties:

The post holder will have the opportunity to be involved in all aspects of maintaining the grounds, as well as being involved in the recycling and disposal of campus waste, which forms an important part of our environmental objectives.

Qualifications and Skills:

We are seeking applications from candidates who have a keen interest in the countryside and environment; enjoy working outdoors and who have the ability to work on their own initiative as well as part of a team. Previous experience of working in an estate environment would be advantageous.

To apply please send your CV and covering letter, outlining your salary expectations to: bbthr@babraham.co.uk

Closing date for applications: 17th March 2019
