

SAVE 45% ON A NATURE SUBSCRIPTION

Exclusive offer for Babraham Research Campus*

Springer Nature is excited to announce their partnership with Babraham Research Campus. As we celebrate this new venture, we are giving qualifying tenants a chance to subscribe to our top multidisciplinary journal (NATURE) at an applied discount of 45%. Furthermore, we are giving those that take up this offer a chance to unlock free trials and special discounts on other key journals, books and databases.

Claim your discount today and you can also unlock

1. A free 3-month trial to ALL Nature RESEARCH journals

Popular journals include:

ADVANCING
DISCOVERY

View the full list of titles available at [nature.com/siteindex](https://www.nature.com/siteindex)

For qualifying tenants who take up the Nature subscription offer, you can unlock free trials of up to 3 months and special discounts of up to 20% on products and services. THIS OFFER IS VALID FOR 2022 ONLY.

or 07825 098 444

*Open to tenants with less than 50 full time researchers globally, no historic subscription with Springer Nature and a secure company IP address

OR

2. A free 3-month trial to one of our Springer Nature Industry Sector Collections

Industry Sector Collections are a collection of books and journals that are updated annually and chosen based on industry usage and denials. Contemporary collections include 2005 to 2018 for books, 1997 to 2018 for journals. The Industry Sector Collection provides access to the most used titles in your industry.

Popular collections include Pharma, Biotechnology, and Hospitals & Health.

- Springer's Pharmaceutical Collection includes a range of authoritative eBooks and eJournals covering current topics in pharmaceutical sciences across all major areas of the field including: biomedical engineering, cancer research, human genetics, human physiology & immunology, microbiology, molecular medicine, and virology as well as other areas of pharmaceutical sciences. This industry sector includes 130,000+ eBooks and 280+ journals.
- Springer's Biotechnology Collection includes a comprehensive range of authoritative eBooks, eJournals and protocols covering current topics in biotechnology and related fields across six key areas: medical care, life sciences, biotechnology, pharmacology, genetics and other related fields. This industry sector includes 114,000+ eBooks and 370+ journals.
- Springer's Hospitals & Health Collection includes a comprehensive range of authoritative eBooks and eJournals covering current topics in health sciences. Springer offers 13 different specialty subject collections in Biomedicine, Internal Medicine & Dermatology, Nephrology, Nuclear Medicine, Oncology & Hematology, Orthopedics, Pathology, Pharmacology & Toxicology, Public Health, Radiology, Surgery & Anesthesiology, Urology & Gynecology. This industry sector includes 320+ eBooks and 210+ journals.

OR

3. Up to 3-month free trial of our drugs database, AdisInsight

- A database for drug research and development, disease treatment and decision making, based on trusted, scientifically-sound data
- Expertly reviewed, assessed and summarized by a team of scientists
- A single search delivers results on drugs, trials, deals and safety

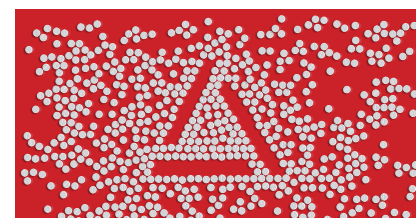

View each Industry Sector Collection and their contents at rd.springer.com

For qualifying tenants who take up the Nature subscription offer, you can unlock free trials of up to 3 months and special discounts of up to 20% on products and services
